Safety

National Conventions

The following subsections describe notational conventions used in this document.

Notes, Cautions, and Warnings

Throughout this guide, blocks of text may be accompanied by an icon and printed in bold type or in italic type. These blocks are notes, cautions, and warnings, and they are used as follows:

NOTE: A NOTE indicates important information that helps you make better use of your computer system.

CAUTION: A CAUTION indicates either potential damage to hardware or loss of data and tells you how to avoid the problem.

WARNING: A WARNING indicates the potential for bodily harm and tells you how to avoid the problem. Some warnings may appear in alternate formats and may be unaccompanied by an icon. In such cases, the specific presentation of the warning is mandated by regulatory authority.
Installation

⚠️ Do not place the monitor on an unstable cart, stand, tripod, bracket, or table. If the monitor falls, it can injure a person and cause serious damage to this product. Use only a cart, stand, tripod, bracket, or table recommended by the manufacturer or sold with this product. Follow the manufacturer's instructions when installing the product and use mounting accessories recommended by the manufacturer. A product and cart combination should be moved with care.

⚠️ Never push any object into the slot on the monitor cabinet. It could damage circuit parts causing a fire or electric shock. Never spill liquids on the monitor.

⚠️ Do not place the front of the product on the floor.

⚠️ Leave some space around the monitor as shown below. Otherwise, air-circulation may be inadequate hence overheating may cause a fire or damage to the monitor. See below the recommended ventilation areas around the monitor when the monitor is installed on the wall or on the stand:

**Installed on the wall**

11 7/8 inches
30cm

4 inches
10cm

4 inches
10cm

4 inches
10cm

Leave at least this space around the set.

**Installed with stand**

11 7/8 inches
30cm

4 inches
10cm

4 inches
10cm

4 inches
10cm

Leave at least this space around the set.
Cleaning

⚠️ Clean the cabinet regularly with cloth. You can use soft-detergent to wipe out the stain, instead of strong-detergent which will cauterize the product cabinet.

⚠️ When cleaning, make sure no detergent is leaked into the product. The cleaning cloth should not be too rough as it will scratch the screen surface.
Other

⚠️ If the product is emitting a strange smell, sound or smoke, disconnect the power plug IMMEDIATELY and contact a Service Center.

⚠️ Make sure that the ventilating openings are not blocked by a table or curtain.

⚠️ Do not engage the USB Monitor in severe vibration or high impact conditions during operation.

⚠️ Do not knock or drop the monitor during operation or transportation.
Setup

Contents of the box

Monitor

CD Manual

* Carry Case (Option)

USB Cable
Setup Stand

Please setup the stand following the steps as below.

Setup:

Caution:

Must put unit on a flat surface. Any uneven or sloped surface may result in unit damage or injury to user.
Adjusting Viewing Angle

For optimal viewing, it is recommended to look at the full face of the monitor, and then adjust the monitor’s angle to your own preference.

Hold the stand so you will not topple the monitor when you change the monitor’s angle.

You are able to adjust the monitor’s angle as below.

![Adjusting Viewing Angle Diagram]

**NOTE:**

Do not touch the LCD screen when you change the angle. It may cause damage or break the LCD screen.

The AOC E1659FWU monitor supports an auto-pivot function to keep the display upright as the monitor is rotated between portrait and landscape position. The monitor has to be rotated slowly and over 75° with the tilt angle within 30° to activate the auto-pivot function. The default setting for auto-pivot is on. You need to disable the auto-pivot function if you would like to manually rotate the display. If the auto-pivot is not functioned, rotate the display using orientation menu, then set the auto-pivot to on again.
Connecting the Monitor

Cable Connections In Rear of Monitor to Connect PC/Notebook/Laptop:  
**Important!!** Follow the software installation described on page 11 to 16 before connecting the USB monitor to your Notebook/Laptop/PC.

1 Connecting the USB Monitor to your computer

To protect the equipment, always turn off the computer before connecting.

- Connect one end of the USB cable to the USB Monitor and the other end of USB cable to the computer.
- Your computer should detect the USB Monitor automatically.

Follow the procedure described starting on page 17 to configure your USB Monitor.

Note: Some computers may not provide enough power to the USB Monitor from one USB port.

If so, connect the other USB connector on the Y end of the cable into another USB on your computer.
Installation of USB Graphic software on your computer

For Microsoft ® Windows® 8

Important!! Install the USB Graphic software first before connecting the USB monitor to your computer.

Windows 8 DisplayLink software can be installed from Windows update. Alternatively, the software can be downloaded from the DisplayLink website following the steps below.

1. Double click on Setup.exe.
   The Windows User Account Control window opens (if enabled in the OS).

2. Click Yes.
   The DisplayLink software end user license agreement window opens.

3. Click I Accept.
   DisplayLink Core software and DisplayLink Graphics installs.

Note: The screen may flash or go black during the installation. No message will be shown at the end of the installation.
4. Connect your DisplayLink device via the USB cable to your PC.
   
   A message will be shown that DisplayLink software is configuring itself for first use.

![DisplayLink Software Configuration](image)

5. The screen should flash and the DisplayLink device should start to extend the Windows desktop.

   **Note:** You may need to reboot the computer before you use the DisplayLink enabled device.

---

**For Microsoft® Windows® 7**

**Important!!** Install the USB Graphic software first before connecting the USB monitor to your computer.

1. Double click on **Setup.exe**.

   The Windows User Account Control window opens (if enabled in the OS).

2. Click **Yes**.

   The USB Monitor software end user license agreement window opens.

![Software End User License Agreement](image)
3. Click **I Accept**.
   DisplayLink Core software and DisplayLink Graphics installs.

   ![DisplayLink Core Software](image)

   **Note:** The screen may flash or go black during the installation. The installation box above will disappear but no message will be shown at the end of the installation.

4. Connect your AOC USB Monitor via the USB cable to your PC/Notebook. Installing device driver message will be shown on the taskbar.

   ![Installing device driver software](image)

   The Windows User Account control window opens.

5. Click **YES**.
   DisplayLink will automatically install the AOC USB Monitor.
   The DisplayLink software end user license agreement windows opens (see above).

6. Click **I Accept**.
   The DisplayLink USB Graphics software installs, without notification that it has completed.

   **Note:** You may need to reboot the computer before you use your AOC USB Monitor.
For Microsoft® Windows Vista®

Important!! DO NOT connect USB Monitor to your PC/Notebook before the software install.

1. Double click on **Setup.exe**.
   The Windows User Account Control window opens (if enabled in the OS).

2. Click **Yes**.
   The USB Monitor software end user license agreement window opens.

3. Click **I Accept**.
   DisplayLink Core software and DisplayLink Graphics installs.

**Note:** The screen may flash or go black during the installation. The installation box above will disappear but no message will be shown at the end of the installation.
4. Connect your AOC USB Monitor via the USB cable to your PC/Notebook. Installing device driver message

The Windows User Account control window opens.

5. Click **YES**.
   DisplayLink automatically installs the AOC USB Monitor.
   The DisplayLink software end user license agreement windows opens (see above).

6. Click **I Accept**.
   The DisplayLink USB Graphics software installs, without notification that it has completed.

**Note:** On some machines you may need reboot before you can use your AOC USB Monitor.
For Microsoft® Windows® XP

**Important!!** DO NOT connect USB Monitor to your PC/Notebook before the software install.

1. Double click on `Setup.exe`.
   
The Windows User Account Control window opens (if enabled in the OS).

2. Click **I Accept**.
   
   DisplayLink core software and DisplayLink Graphics installs.

**Note:** The screen may flash or go black during the installation.

3. Connect your AOC USB Monitor via the USB cable to your PC/Notebook. The following message (or similar) will be seen.

**Note:** The screen may flash or go black during the installation.
Setting the USB Monitor

Follow this procedure to configure the AOC Monitor

1. Open screen resolution
2. Set the display options. Refer to the table below for details on each option.

To control the behavior of an attached AOC USB monitor, it is also possible to use Windows Key (Windows) + P to display a menu (and cycle through it) to switch mode.
To Control the Display
You can use the AOC USB USB Monitor in mirror mode or extended mode. Settings may vary depending on your operating system.

For Microsoft® Windows® 8 and Microsoft® Windows® 7
Press the Windows® key (⊞) + P to switch between different modes as shown below.

For Microsoft® Windows® XP and Microsoft® Windows Vista®
Right-click the "miş" icon in the system tray of your Windows ® desktop to configure the display settings.

Precautions:
for Microsoft® Windows® 8, Windows® 7, Windows Vista® and Windows® XP

Due to the configurations of computers and Windows® operating systems available, functionality may differ slightly than stated in the user manual. This may be due to the computer manufacture's BIOS and other custom configurations of the hardware, pre-installed software or operating system installed at time of production. If you have specific problems, you may need to contact the computer manufacturer to inquire about BIOS, hardware driver or operating system updates.

- The AOC USB Monitor utilizes an advanced video graphics controller to display the video. However, due to USB 2.0 transfer speed limitations, some or all portions of DVD playback may appear slow or choppy. This is not a malfunction of the Mobile USB Monitor. Move the video playback from the Mobile USB Monitor to your computer display for optimal video performance when viewing DVDs.
- On Windows® XP systems, DVDs may not display correctly on the Mobile USB Monitor. Use your computer's built-in monitor to view DVDs.
- This product does not support 3D programs.
- In some software application programs that utilize certain direct draw commands such as some 2D-Games, the display on the Mobile USB Monitor will not be supported. If you want to play these games in full screen, we suggest you disconnect the Mobile USB Monitor.
- This product is unable to enter full screen DOS mode when using the Mobile USB Monitor.
- To play DVDs, use the Media Player included with your operating system.
Media Playback
On Windows 8, Windows 7, Vista, and Windows XP (XP in extend mode), the DisplayLink USB Graphic device can display media files and DVDs using the following media players:

- Windows Media Player 12
  (http://www.microsoft.com/windows/windowsmedia/default.mspx)
- Windows Media Player 11
  (http://www.microsoft.com/windows/windowsmedia/default.mspx)
- WinDVD 11 (www.intervideo.com)
- PowerDVD 12 (www.cyberlink.com)

The DisplayLink USB Graphics device can display media files and DVDs using most media players. Media playback in mirror mode (XP) or in Basic mode (Vista and Windows 7) is not recommended.

PC Requirements
DisplayLink software can be used on PCs, from Netbooks, Notebooks/Laptops to Desktops. The driver will run on processors ranging from Atom N270 based PCs, basic single Core CPUs, and of course the latest Dual, Quad Core and Core i3/i5/i7 CPUs.

The performance of the software is dependent upon the processing power available, as well as the operating system in use. More capable systems offer higher performance.

DisplayLink software is available for PCs running one of the following Windows operating systems:

- Windows 8 (32-bit or 64-bit)
- Windows 7 (32-bit or 64-bit)
- Windows Vista with Service Pack 1 or 2 (32-bit or 64-bit)
- Windows XP Home or Professional (including Tablet edition) with Service Pack 2 or 3
- Windows Server 2003, 2008 and 2008 R2

Note: 64-bit editions of XP are not supported. Mac OS X support can be found at http://www.displaylink.com/mac
**Windows 7 and Windows 8**

For Windows 7 and Windows 8, the Windows Experience Index (WEI) is a useful measure of hardware level. The WEI is accessible from Computer > Properties, or from Control Panel > System.

The recommended typical hardware requirements for the PC are:

- WEI score of at least 3 in the 'Graphics; Desktop performance for Windows Aero' category.
- Overall WEI score of at least 3 as recommended by Microsoft.
- At least one USB 2.0 port.
- 30 megabytes (MB) of free disk space.
- Computer screen for use with the DisplayLink device, if it is not integrated.
- Network access for software downloads, or access to a CD-ROM drive.

**Windows Vista**

For Windows Vista, the Windows Experience Index (WEI) is a useful measure of hardware level. The WEI is accessible from Computer > Properties, or from Control Panel > System.

The recommended typical hardware requirements for the PC are:

- WEI score of at least 3 in the 'Graphics; Desktop performance for Windows Aero' category.
- Overall WEI score of at least 3 as recommended by Microsoft.
- At least one USB 2.0 port
- 30 megabytes (MB) of free disk space.
- Computer screen for use with the DisplayLink device, if it is not integrated.
- Network access for software downloads, or access to a CD-ROM drive.

If the PC specification is below this, performance will be lower (or CPU loading higher than acceptable).
**Windows XP**

For 1-2 monitors, business usage, productivity target. This may not provide full frame rate DVD playback at full screen:
- 1.2GHz Single Core CPU
- 512MB memory

For 3 monitors where 1 could run DVD video while also targeting productivity and business apps. Will support only 1 video of DVD resolution at full screen:
- 1.6GHz CPU
- 1GB memory

For 6 screens where 1 screen can run full screen DVD video:
- 1.8GHz Core Duo
- 1GB memory
- At least one USB 2.0 port.
- 30 megabytes (MB) of free disk space.
- Computer screen for use with the DisplayLink device, if it is not integrated.
- Network access for software downloads, or access to a CD-ROM drive.

**Graphics Card Support (Windows 8/Windows 7/Windows Vista)**

On Windows 8, Windows 7 and Windows Vista, DisplayLink software interacts closely with the primary graphics card. DisplayLink support and test a single graphics card (GPU) installed in a PC from all major GPU vendors (Intel, ATI, NVidia and Via). SIS graphic cards are not supported.

The following GPU configurations may exhibit compatibility issues on Windows 8, Windows 7 and Vista in certain circumstances:
- NVIDIA SLI in SLI mode

Other GPU configurations, including the following, are currently unsupported and will not function on Windows 8/Windows 7/Vista:
- Crossfire
- SLI not in SLI mode
- Multiple WDDM 1.1 or WDDM1.2 graphics drivers active at once

**Graphics Card Support (Windows XP)**

All graphics cards are supported on Windows XP.
Troubleshooting

This section provides tips for correcting problems, should any occur. It also describes how to contact AOC should you encounter problems that you cannot resolve. Before you call AOC service center, please read the troubleshooting advice in this manual and in your computer User's Manual. You may also want to consult with your system administrator or company technical support staff.

Regulation

FCC Notice

FCC Class B Radio Frequency Interference Statement WARNING: (FOR FCC CERTIFIED MODELS)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTICE:

The changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Shielded interface cables and AC power cord, if any, must be used in order to comply with the emission limits. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modification to this equipment. It is the responsibilities of the user to correct such interference. It is the responsibility of the user to correct such interference.
WEEE Declaration

This symbol on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

WEEE Declaration for India

This symbol on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Instead it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling in India please visit the below web link.

EPA Energy Star

ENERGY STAR® is a U.S. registered mark. As an ENERGY STAR® Partner, AOC International (Europe) BV and Envision Peripherals, Inc. have determined that this product meets the ENERGY STAR® guidelines for energy efficiency.
Service

Warranty Statement for Europe

EU WARRANTY FOR AOC MONITORS

LIMITED THREE-YEAR WARRANTY*

For AOC LCD Monitors sold within Europe, AOC International (Europe) B.V. warrants this product to be free from defects in material and workmanship for a period of Three (3) years after the original date of consumer purchase. During this period, AOC International (Europe) B.V. will, at its option, either repair the defective product with new or rebuilt parts, or replace it with a new or rebuilt product at no charge except as *stated below. In the absent of the proof of purchase, the warranty will start 3 months after the date of manufacturing indicated on the product.

If the product appears to be defective, please contact your local dealer or refer to the service and support section on www.aoc-europe.com for warranty instructions. Deliver the product freight pre-paid, along with the dated proof of purchase, to the AOC Certified or Authorized Service Center under the following condition:

- Make sure the LCD Monitor is packed in a proper carton box (AOC prefers the original carton box to protects your monitor well enough during transport).
- Put the RMA number on the address label.
- Put the RMA number on the shipping carton.

AOC International (Europe) B.V. is not responsible for any damaged during transport due to improper packing. AOC International (Europe) B.V. will pay the return shipping charges within one of the countries specified within this warranty statement. AOC International (Europe) B.V. is not responsible for any costs associated with the transportation of product across international borders. This includes the international border within the European Union. If the LCD Monitor is not available for collection when the currier attends, you will be charged a collection fee.

* This limited warranty does not cover any losses or damages that occur as a result of:

- Improper installation or maintenance
- Misuse
- Neglect
- Any cause other than ordinary commercial or industrial application
- Adjustment by non-authorized source
- Repair, modification, or installation of options or parts by anyone other than an AOC Certified or Authorized Service Center
- Improper environments like humidity and dusts
- Damaged by violence
- Excessive or inadequate heating or air conditioning or electrical powers failures, surges, or other...
All AOC LCD Monitors are produced according to the ISO 9241-307 Class 1 pixel policy standards.

ALL EXPRESS AND IMPLIED WARRANTIES FOR THIS PRODUCT (INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) ARE LIMITED IN DURATION TO A PERIOD OF THREE (3) YEARS FOR PARTS AND LABOR FROM THE ORIGINAL DATE OF CONSUMER PURCHASE. NO WARRANTIES (EITHER EXPRESSED OR IMPLIED) APPLY AFTER THIS PERIOD. AOC INTERNATIONAL (EUROPE) B.V. OBLIGATIONS AND YOUR REMEDIES HEREUNDER ARE SOLELY AND EXCLUSIVELY AS STATED HERE. AOC INTERNATIONAL (EUROPE) B.V. LIABILITY, WHETHER BASED ON CONTRACT, TORT, WARRANTY, STRICT LIABILITY, OR OTHER THEORY, SHALL NOT EXCEED THE PRICE OF THE INDIVIDUAL UNIT WHOSE DEFECT OR DAMAGE IS THE BASIS OF THE CLAIM. IN NO EVENT SHALL AOC INTERNATIONAL (EUROPE) B.V. BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF USE OR FACILITIES OR EQUIPMENT, OR OTHER INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. ALTHOUGH THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, YOU MAY HAVE OTHER RIGHTS, WHICH MAY VARY FROM COUNTRY TO COUNTRY. THIS LIMITED WARRANTY IS ONLY VALID FOR PRODUCTS PURCHASED IN THE MEMBER COUNTRIES OF THE EUROPEAN UNION.
Warranty Statement for North & South America (excluding Brazil)

WARRANTY STATEMENT
for AOC Color Monitors
Including those Sold within North America as Specified

Envision Peripherals, Inc. warrants this product to be free from defects in material and workmanship for a period of three (3) years for parts & labor and one (1) year for CRT Tube or LCD Panel after the original date of consumer purchase. During this period, EPI (EPI is the abbreviation of Envision Peripherals, Inc.) will, at its option, either repair the defective product with new or rebuilt parts, or replace it with a new or rebuilt product at no charge except as stated below. The parts or product that are replaced become the property of EPI.

In the USA to obtain service under this limited warranty, call EPI for the name of the Authorized Service Center closest to your area. Deliver the product freight pre-paid, along with the dated proof of purchase, to the EPI Authorized Service Center. If you cannot deliver the product in person:

• Pack it in its original shipping container (or equivalent)
• Put the RMA number on the address label
• Put the RMA number on the shipping carton
• Insure it (or assume the risk of loss/damage during shipment)
• Pay all shipping charges

EPI is not responsible for damage to inbound product that was not properly packaged.
EPI will pay the return shipment charges within one of the countries specified within this warranty statement. EPI is not responsible for any costs associated with the transportation of product across international borders. This includes the international borders of the countries within this warranty statements.

In the United States and Canada contact your Dealer or EPI Customer Service, RMA Department at the toll free number (888) 662-9888. Or you can request an RMA Number online at www.aoc.com/na-warranty.

* This limited warranty does not cover any losses or damages that occur as a result of:

• Shipping or improper installation or maintenance
• Misuse
• Neglect
• Any cause other than ordinary commercial or industrial application
• Adjustment by non-authorized source
• Repair, modification, or installation of options or parts by anyone other than an EPI Authorized Service Center
• Improper environment
• Excessive or inadequate heating or air conditioning or electrical power failures, surges, or other irregularities

This three-year limited warranty does not cover any of the product's firmware or hardware that you or any third party have modified or altered; you bear the sole responsibility and liability for any such modification or alteration.
ALL EXPRESS AND IMPLIED WARRANTIES FOR THIS PRODUCT (INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE) ARE LIMITED IN DURATION TO A PERIOD OF THREE (3) YEARS FOR PARTS AND LABOR AND ONE (1) YEAR FOR CRT TUBE OR LCD PANEL FROM THE ORIGINAL DATE OF CONSUMER PURCHASE. NO WARRANTIES (EITHER EXPRESSED OR IMPLIED) APPLY AFTER THIS PERIOD. IN THE UNITED STATES OF AMERICA, SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

EPI OBLIGATIONS AND YOUR REMEDIES HEREUNDER ARE SOLELY AND EXCLUSIVELY AS STATED HERE. EPI' LIABILITY, WHETHER BASED ON CONTRACT, TORT. WARRANTY, STRICT LIABILITY, OR OTHER THEORY, SHALL NOT EXCEED THE PRICE OF THE INDIVIDUAL UNIT WHOSE DEFECT OR DAMAGE IS THE BASIS OF THE CLAIM. IN NO EVENT SHALL ENVISION PERIPHERALS, INC. BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF USE OR FACILITIES OR EQUIPMENT OR OTHER INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGE. IN THE UNITED STATES OF AMERICA, SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES. SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. ALTHOUGH THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH MAY VARY FROM STATE TO STATE.

In the United States of America, this limited warranty is only valid for Products purchased in the Continental United States, Alaska, and Hawaii.
Outside the United States of America, this limited warranty is only valid for Products purchased in Canada.
